

MPJE®

Sample Questions

The following are examples of question types that examinees may encounter when taking the MPJE. These questions are presented as examples to familiarize examinees with their formats and are not intended to represent content areas on the MPJE. Every examinee is presented with the opportunity to take a tutorial at the testing center prior to initiating the MPJE. The tutorial instructs examinees on how to respond to all of the types of questions that could be presented on the examination. NABP strongly encourages each examinee to take the tutorial in order to become familiar with how to submit responses in the computer-based examination.
