## CPE Activity Information

### The Future of Drug Importation – Enhancing Networks to Safeguard Our Drug Supply Chain

#### Activity Overview

---

The United States Department of Health and Human Services and Food and Drug Administration began implementing the Safe Importation Action Plan, which allows states to submit proposals under Section 804 Importation Programs (SIPs) to help provide safe, effective, and more affordable prescription medications to American patients. These proposals must provide safeguards to protect Americans from rogue actors intent on infiltrating our supply chain and introducing counterfeit drugs that pose a grave risk to public protection. Attendees will learn from federal and state regulators what states have submitted SIPs, where they are in the process, and what they expect in the future.

This home study webinar is a recording of the live activity that was held on May 14, 2021 and was sponsored by Express Scripts.

<b>Universal Activity Numbers</b>	0205-0000-21-034-H03-P 0205-0000-21-034-H03-T
<b>Activity Date</b>	10-Jun-21 through 31-Aug-22
<b>Activity Type</b>	Knowledge-based
<b>CE Credits</b>	1 contact hour (0.1 CEU)
<b>Activity Fee</b>	\$20

#### Target Audience

---

This activity was designed to meet the educational needs of pharmacists and pharmacy technicians in all practice settings.

## Learning Objectives

---

At the conclusion of this webinar, participants will be able to:

1. Explain the concept of importing prescription drugs into the US through the Safe Importation Action Plan
2. Describe what is required to be submitted in a state's SIPs
3. Discuss the risks associated with importing prescription drugs into the US and how they must be addressed

## CPE Requirements

---

To earn ACPE-accredited CPE for this activity, participants must:

- be registered as an attendee,
- submit the activity code online using the NABP CPE submission site located at <https://nabp.pharmacy/claimcpe>,
- complete the activity in its entirety,
- answer the self-assessment questions at the beginning of the webinar, and
- review the activity handouts.

To obtain CPE credit, participants must also complete activity and speaker evaluations as well as pass the post-test with a score of 70% or higher within three attempts.

All home study CPE submissions must be completed online within 60 days from the date the activity code is submitted online.

## Presenters

---

**John B. Hertig**, President, Alliance for Safe Online Pharmacies; Associate Professor, Butler University College of Pharmacy and Health Sciences

**Kelly Swartzendruber**, Drug Importation Pharmacist, Colorado Department of Healthcare Policy & Financing

## Home Study

---

Log in to [NABP e-Profile](#) to purchase the home study activity. Instructions on how to complete the home study for this webinar will be sent via email.

## Additional CPE Information

---

Contact NABP Professional Affairs staff at [prof-affairs@nabp.pharmacy](mailto:prof-affairs@nabp.pharmacy) for information about CPE activities and instructions.

NABP and the NABP Foundation are accredited by the Accreditation Council for Pharmacy Education (ACPE) as providers of continuing pharmacy education (CPE).

ACPE Provider Number: 0205.

### **System Requirements**

---

You will need a computer with high-speed internet access to view our screens and audio capabilities, via computer or phone, to hear the webinar. Browser requirements are as follows: Firefox (9.0+), Adobe Flash Player (10.3+), Google Chrome, and Safari (5.0+).
