CPE Activity Information

Pharmacy Technicians: Expanding Scope Is Key to Advancing Practice

Activity Overview

There is no doubt that expanding the scope of practice for pharmacy technicians is key to supporting pharmacists, including alleviating their dispensing responsibilities, so that pharmacists may assume a more clinical role in providing patient care. Whereas one can say that coronavirus disease 2019 was instrumental in moving the needle in that direction by advancing pharmacy technician roles via the Public Readiness and Emergency Preparedness Act (PREP Act) amendments, attendees will learn how that momentum can continue this transformation. Pharmacy regulators, including pharmacy technicians, will highlight the results of various pilot projects, such as immunization administration authority and final product verification, as well as share how promulgating rules for a new advanced pharmacy technician license category is advancing pharmacy practice.

This home study webinar is a recording of the live activity that was held on May 19, 2022 and was sponsored by CVS Health.

Universal Activity Numbers	0205-0000-22-023-H03-P 0205-0000-22-023-H03-T
Activity Date	2-Feb-23 through 9-Apr-25
Activity Type	Knowledge-based
CE Credits	1.5 contact hours (0.15 CEU)
Activity Fee	\$20

Target Audience

This activity was designed to meet the educational needs of pharmacists and pharmacy technicians in all practice settings.

Learning Objectives

At the conclusion of this webinar, participants will be able to:

1. Explain the ways that some states have made certain amendments to the PREP Act permanent to expand pharmacy technician scope of practice.
2. Describe various pilot projects that have been implemented to advance pharmacy practice.
3. Discuss other programs that are being considered to further advance the practice of pharmacy.

CPE Requirements

To earn ACPE-accredited CPE for this activity, participants must:

- be registered as an attendee,
- submit the activity code online using the NABP CPE submission site located at <https://nabp.pharmacy/claimcpe>,
- complete the activity in its entirety,
- answer the self-assessment questions at the beginning of the webinar, and
- review the activity handouts.

To obtain CPE credit, participants must also complete activity and speaker evaluations as well as pass the post-test with a score of 70% or higher within three attempts.

All home study CPE submissions must be completed online within 60 days from the date the activity code is submitted online.

Presenters

Andrew Funk, PharmD, RPh, Executive Director, Iowa Board of Pharmacy

Julie Lanza, CPhT-Adv, CSPT, Member, Massachusetts Board of Registration in Pharmacy

William Schimmel, Executive Director and CEO, Pharmacy Technician Certification Board
