Digital Health Compliance: How to Avoid Common Traps and Pitfalls

Activity Overview

In this home study, NABP Digital Health staff will provide an overview of common federal and state compliance issues for online pharmacies and telemedicine platforms and detail successful ways to remedy them. We will also cover common roadblocks encountered by Healthcare Merchant Accreditation* applicants. You will learn more about:

- telehealth state law compliance,
- FDA inspections and outcomes,
- HIPAA notification requirements,
- CBD regulatory compliance,
- domain name registration transparency, and
- NABP's Affiliate Standard.

Attendees will walk away with a better understanding of digital health compliance and best practices and will have the knowledge required for a successful application to the Healthcare Merchant Accreditation* program.

Healthcare Merchant Accreditation was formerly known as the .Pharmacy Verified Websites Program.

This home study webinar is a recording of the live activity that was held on October 20, 2021.
