## CPE Activity Information

### What's New With USP General Chapters <795> and <797>?

#### Activity Overview

---

Revised United States Pharmacopeia (USP) General Chapters <795> and <797> were published on November 1, 2022, and will become “official” on November 1, 2023, meaning this is the date that compounders are expected to meet these standards. USP staff and a member of USP’s Compounding Expert Committee will provide attendees with details on what was revised in each chapter and the implications for compounders and regulators. As USP relies on regulatory bodies, such as the boards of pharmacy, to enforce these standards, this session will educate boards about what is necessary to prepare for the official date.

This home study webinar is a recording of the live activity that was held on May 11, 2023 and was sponsored by Walgreens.

<b>Activity Topic</b>	Compounding
<b>Universal Activity Numbers</b>	0205-0000-23-040-H07-P 0205-0000-23-040-H07-T
<b>Activity Date</b>	30-Aug-23 through 29-Jun-26
<b>Activity Type</b>	Knowledge-based
<b>CE Credits</b>	1.5 contact hours (0.15 CEU)
<b>Activity Fee</b>	\$20

#### Target Audience

---

This activity was designed to meet the educational needs of pharmacists and pharmacy technicians in all practice settings.

## Learning Objectives

---

At the conclusion of this webinar, participants will be able to:

1. Describe the revisions to General Chapter <795> Pharmaceutical Compounding — Nonsterile Preparations, including updates to the beyond-use dates.
2. Describe the revisions to General Chapter <797> Pharmaceutical Compounding — Sterile Preparations, including updates to the beyond-use dates.
3. Explain the difference between requirements and recommendations in the USP General Chapters.

## CPE Requirements

---

To earn ACPE-accredited CPE for this activity, participants must:

- be registered as an attendee,
- submit the activity code online using the NABP CPE submission site located at <https://nabp.pharmacy/claimcpe>,
- complete the activity in its entirety,
- answer the self-assessment questions at the beginning of the webinar, and
- review the activity handouts.

To obtain CPE credit, participants must also complete activity and speaker evaluations as well as pass the post-test with a score of 70% or higher.

All home study CPE submissions must be completed online within 60 days from the date the activity code is submitted online.

## Presenters

---

**Brenda Jensen, MBA, CPhT, CNMT**, Consultant, Compounding Consultants, LLC; Chair, Compounding Expert Committee, United States Pharmacopeia

**Brian Serumaga, PhD, RPh**, Senior Manager of Personalized Medicines, United States Pharmacopeia
