CPE Activity Information

USP Compounding Chapters: Understanding the Latest Revisions

Activity Overview

On November 1, 2022, United States Pharmacopeia (USP) published updates to USP General Chapters <795> and <797> on compounding nonsterile and sterile preparations. The revisions to the chapters, including updates to the beyond-use dates (BUDs), reflect advancements in science and clinical practice, clarify topics that were not consistently understood, and incorporate input from stakeholder engagements and comments received during the public comment period. These chapters will become official on November 1, 2023, to allow for increased flexibility and engagement for adoption. This webinar will include a brief presentation and then provide an opportunity for attendees to hear questions regarding the compounding General Chapter revisions answered by members of the USP Compounding Expert Committee.

This home study webinar is a recording of the live activity that was held on September 14, 2023.

Activity Topic	Compounding
Universal Activity Numbers	0205-0000-23-084-H07-P 0205-0000-23-084-H07-T
Activity Date	25-Oct-23 through 24-Aug-26
Activity Type	Knowledge-based
CE Credits	2 contact hours (0.2 CEU)
Activity Fee	\$20

Target Audience

This activity was designed to meet the educational needs of pharmacists and pharmacy technicians in all practice settings.

Learning Objectives

At the conclusion of this webinar, participants will be able to:

1. Identify key aspects of the revisions to USP <795> and USP <797>.
2. Discuss the next steps for the revised USP compounding chapters.
3. Describe subjects of the revised USP compounding chapters that were previously unclear to readers.
4. Explain how to apply the revised USP compounding chapters.

CPE Requirements

To earn ACPE-accredited CPE for this activity, participants must:

- be registered as an attendee,
- submit the activity code online using the NABP CPE submission site located at <https://nabp.pharmacy/claimcpe>,
- complete the activity in its entirety,
- answer the self-assessment questions at the beginning of the webinar, and
- review the activity handouts.

To obtain CPE credit, participants must also complete activity and speaker evaluations as well as pass the post-test with a score of 70% or higher.

All home study CPE submissions must be completed online within 60 days from the date the activity code is submitted online.
