Illicit and Counterfeit Drugs Threaten Americans in the GLP-1 Space

Activity Overview

This presentation will explore a broad continuum of threats to patient safety in the GLP-1 space, from unapproved research chemicals to perfect look-alike counterfeits. It will include an explanation of the Drug Supply Chain Security Act's labeling requirements and how the system operates. Additionally, the webinar will outline techniques for spotting signs of unsafe medicines and procedures for handling suspect medication.

This home study webinar is a recording of the live activity that was held on August 28, 2025.
