LIVE WEBINAR

What Every Pharmacist Should Know About Prescriptions for Animals

July 24, 2026

1-2:30 PM CDT

Activity Overview

This presentation provides an overview of the clinical, legal, and regulatory considerations involved in dispensing veterinary prescriptions. Topics include verification of veterinary prescriptions, veterinarian licensure, veterinarian-client-patient relationships, species-specific dosing, and the use of veterinary drug information resources. Participants will review the regulatory landscape governing animal medications, including the Animal Medicinal Drug Use Clarification Act of 1994, FDA Guidance for Industry #256, USP compounding standards, and state pharmacy laws. Additionally, the session will outline veterinary formularies, species-specific excipient toxicities, appropriate compounding formulas, and pet owner counseling, with an emphasis on patient safety, regulatory compliance, adverse event reporting, and medication error prevention.

Please note that the webinar capacity is 1,000 participants; registration does not guarantee entry. Those who are unable to join the meeting may purchase the webinar recording that will be posted online when it becomes available.

Activity Topic	Patient Safety
Activity Format	Live Webinar
Universal Activity Numbers	0205-0000-26-067-L05-P 0205-0000-26-067-L05-T
Activity Date	24-July-26
Activity Type	Knowledge-based
CE Credits	1.5 contact hours (0.15 CEUs)
Activity Fee	No Fee

Target Audience

This activity was designed to meet the educational needs of pharmacists and pharmacy technicians in all practice settings.

Learning Objectives

At the conclusion of this webinar, participants will be able to:

1. Discuss the processes used to verify veterinary prescriptions.
2. Review legal boundaries for dispensing and compounding drugs for animal patients.
3. Explain the various categories for compounding with bulk drug substances as described in Guidance for Industry #256.
4. Describe excipients and drugs that may be toxic to animal patients.
5. List veterinary-only drugs that are not used in human medicine.
6. Outline key criteria for evaluating veterinary drug information formularies.

CPE Requirements

To earn ACPE-accredited CPE for this activity, participants must:

- be registered as an attendee,
- attend the activity in its entirety,
- answer the self-assessment questions provided by the presenters, and
- submit the activity code online using the NABP CPE submission site located at <https://nabp.pharmacy/claimcpe>.

To obtain CPE credit, participants must also complete activity and speaker evaluations.

All CPE submissions for the live session must be submitted online within 60 days from the webinar (no later than 12 PM on September 22, 2026).

Presenter

Gigi Davidson, BS Pharm, DICVP, CEO, VetPharm Consulting

Registration

Register for the upcoming live webinar. Additional details about participating will be sent via email prior to the webinar.
