26.195 Multiple Locations of Employment

Oklahoma Administrative Code 535:15-13-11

(a) A pharmacy technician may work in multiple pharmacies provided:

(1) the technician has been properly trained for each location (see 535:15-13-13[d]); and

(2) the training is documented in each pharmacy.

(b) A technician working in multiple locations regularly or on an emergency-relief basis may

be issued a duplicate permit on request.

(3) A written request indicating the need for such duplicate shall be sent to the Oklahoma State Board of Pharmacy by the technician.

(4) A duplicate fee of \$10 shall accompany each individual duplicate request.

(5) Current technicians in good standing who have renewed online for the current period may print a duplicate permit online at no additional charge.

26.196 PIC and Inspections

As a newly designated pharmacist-in-charge (PIC), please review the findings from the previous inspection and ensure that all required corrective actions have

been completed. Appointment as a new PIC does not relieve a pharmacy of its responsibility to address and maintain compliance with previously identified deficiencies.

26.197 CDS Prescriptions

Every controlled dangerous substance (CDS) prescription must have the patient's address on the face of the prescription. When processing a prescription written on the Oklahoma Bureau of Narcotics and Dangerous Drugs Control pad, the address must be physically written on the document itself. The address printed on the back tag will not suffice.

26.198 DEA Biennial Inventory

When conducting the Drug Enforcement Administration (DEA) biennial inventory, registrants must document the exact time the count occurred, explicitly indicating whether it was taken at the open of business or close of business. The inventory ledger must clearly differentiate between full commercial containers and open, partial

bottles, along with their exact quantities. While these meticulous record-keeping metrics are federally mandated by DEA, practicing this level of detail is also highly recommended when completing the annual Board inventory.

26.199 Telemedicine

Title 59 Oklahoma Statutes §478.1

- Unless otherwise prohibited by law, a valid physician-patient relationship may be established by an allopathic or osteopathic physician with a patient located in this state through telemedicine, provided that the physician:
 - holds a license to practice medicine in this state;
 - confirms with the patient their identity and physical location; and
 - provides the patient with the treating physician's identity and professional credentials.
- Telemedicine encounters shall comply with the Health Insurance Portability and Accountability Act of 1996 and ensure that all patient communications and records are secure and confidential.
- Telemedicine encounters in Oklahoma shall not be used to establish a valid physician-patient relationship for the purpose of prescribing opiates, synthetic opiates, semisynthetic opiates, benzodiazepine, or carisoprodol, unless the encounter is used to prescribe:
 - opioid antagonists or partial agonists pursuant to Sections 1-2506.1 and 1-2506.2 of Title 63 of the Oklahoma Statutes; or
 - a Schedule III, IV, or V CDS approved by the United States Food and Drug Administration for medication-assisted treatment or detoxification treatment for substance use disorder.
- A physician-patient relationship shall not be created solely based on the receipt of patient health information by a physician. The duties and obligations created by a physician-patient relationship shall not apply until the physician affirmatively:
 - undertakes to diagnose and treat the patient; or
 - participates in the diagnosis and treatment of the patient.

26.200 Disciplinary Actions

Patricia Powell, Technician #32878 – Case No. 1749: Guilty on all counts, including that abuse of alcohol or drugs, use of an illegal CDS, or testing positive for such

- When applying for a technician immunization permit, please submit the required training Certificate of Completion and CPR card.
- Please note that the Board no longer accepts checks, cash, money orders, or cashier checks without prior approval.

Cooking With Compliance

Submitted by Darrell Switzer

Cambry's Hearty One-Pot Ground Beef & Rice Skillet

Ingredients:

- 1 lb ground beef
- 2 cups beef stock
- 1 cup rice
- ½-1 chopped bell pepper
- 1-2 diced tomatoes
- 8 oz grated cheese
- 1 tbsp dried, minced onion (*or 1 small diced onion*)
- 1 tbsp minced garlic
- 1 tsp Mexican oregano (*optional*)
- salt & pepper to taste

Directions:

Original Method

- 1) Brown the ground beef in a large skillet or pot.
- 2) Add onion, garlic, Mexican oregano (if using), salt, and pepper.
- 3) Stir in beef stock and rice. Cook according to rice package directions until tender.
- 4) Add the chopped bell pepper and diced tomatoes. Warm through.
- 5) Top with grated cheese and melt.

Alternative Method (smoother texture)

- 1) Brown the ground beef.
- 2) Add the seasonings.
- 3) Blend the bell pepper and tomatoes in a food processor.
- 4) Add beef stock, rice, and the blended vegetables. Cook until the rice is tender.
- 5) Top with cheese.

Serve With:

Green chili cornbread • Fried okra • Cottage cheese

A cozy, customizable skillet meal – adjust the bell pepper, tomatoes, and seasonings to taste.

Change of Address or Employment?

Please be diligent in keeping your information up to date and, if possible, remind your coworkers and employees. Failure to notify the Board is a violation of Oklahoma pharmacy law. All pharmacists, technicians, and interns must notify the Board in writing within 10 days of a change of address or employment.

Pharmacists and technicians can now update their address and employment online. Emailed notifications can still be sent to pharmacy@pharmacy.ok.gov or faxed to 405/900-8365. License/permit numbers must be included to be accepted.

Special Notice About the Newsletter

The *Oklahoma State Board of Pharmacy Newsletter* is an official method of notification to pharmacies, pharmacists, pharmacy interns, and pharmacy technicians registered by the Board. Please read them carefully. We encourage you to keep newsletters for future reference.

OPHP
